Re: National Historic Preservation Act (NHPA) Section 106 Consultation  
Ramsey Homes  
City of Alexandria, Virginia  
WSSI#: 22682.01

Dear Mr. Sprinkle:

The Virginia Department of Historic Resources (DHR) has been invited to proceed with review for the proposed redevelopment of the ±0.7 acre Ramsey Homes site, located on North Patrick Street between Pendleton and Wythe Streets in the City of Alexandria, Virginia (the "Project"). The Board of Commissioners of the Alexandria Redevelopment & Housing Authority (ARHA) propose to redevelop the Project consistent with the Braddock East Master Plan (BEMP) at a density high enough to sustain a critical mass of low-income residents in a mixed-income setting in order to maintain the strong social and support networks that are essential in low-income communities.

The United States Department of Housing and Urban Development (HUD) has determined that redevelopment of the Ramsey Homes site will constitute a federal undertaking; therefore the project requires compliance with Section 106 of the National Historic Preservation Act. HUD has also determined that the City of Alexandria Office of Housing is the responsible entity relevant to Section 106 review. Section 106 of 36 CFR 800.2(c) (4) allows federal agencies and their designees to authorize an applicant or group of applicants to initiate consultation with the SHPO and other consulting parties. In order to accomplish the Project, the City of Alexandria Office of Housing has delegated Section 106 consultation activities to the Virginia Housing Development LLC of Alexandria, Virginia; Virginia Housing Development LLC (whose sole member is ARHA) is in turn allowing the coordination of Section 106 activities to be administered by the consultant, Wetland Studies and Solutions, Inc. (WSSI) of Gainesville, Virginia. This letter initiates the Section 106 consultation process.

We are proposing the Project's area of potential effect (APE) for direct effects is limited to the development parcel; we will coordinate with the DHR in order to define the APE for the Project's indirect effects.

The site includes four standing buildings with 15 units; the buildings were previously recorded with DHR as seven resources in 2006 in anticipation of nominating the "Uptown/Parker-Gray Historic District" (DHR No. 100-0133) to the VLR and NRHP.

- Building I. 912 and 914 Wythe Street (DHR No. 100-0133-1328)  
625 and 627 Patrick Street (DHR No. 100-0133-0754)  
Building II. 619, 621, and 623 Patrick Street (DHR No. 100-0133-0751)  
Building III. 609 and 611 Patrick Street (DHR No. 100-0133-0747)  
613 and 615 Patrick Street (DHR No. 100-0133-0749)  
Building IV. 605 and 607 Patrick Street (DHR No. 100-0133-0745)  
913 and 915 Pendleton Street (DHR No. 100-0133-0948)

Each resource contributes to the Virginia Landmark Register (VLR) district listed in 2008 and the National Register of Historic Places (NRHP) district listed in 2010. One previously recorded archeological site is mapped within the redevelopment site; site 44AX0160 represents a probable Civil War-era military barracks site that was investigated by Alexandria Archaeology in 1991. According to the DHR site record, the resource has not been evaluated for eligibility to the NRHP. Phase I archeological investigations have not been conducted at the site to date.

Your response to this letter acknowledges interest in participating in this undertaking as a consulting party. Please respond by March 8 2016. We invite your comments on the proposed project APE, request that you provide any information that you may have relevant to Historic Properties within the APE, and ask that you suggest additional key contacts for consultation.

If you have any questions or require additional information, please contact Boyd Sipe, M.A., RPA (WSSI) at 703.679.5623 or [bsipe@wetlandstudies.com](mailto:bsipe@wetlandstudies.com).

Sincerely,

WETLAND STUDIES AND SOLUTIONS, INC.
